Subject:-About getting permission to start the process of renewal of SONICWALL NSA4600 Firewall's Comprehensive Gateway Security Suit (CGSS) for next 3 Years.

This is regarding the renewal of SONICWALL NSA4600 Firewall's Comprehensive Gateway Security Suite (CGSS) for next 3 years. The said Firewall was purchased & installed on 4 th March, 2016 in Central Server Room, along with CGSS license for 3 years. We renewed SONIVWALL NSA4600 Firewall with hardware warranty in 6 March 2019,, Now the said CGSS License is getting expired on 9th March, 2022 & is required to be renewed for next 3 years, for continuing with uninterrupted benefits of same, which includes "Gateway Level Antivirus Protection (GAV), Antispyware (AS) & Intrusion Prevention (IP), App Control, Content Filtering Service Subscription along with 3 Years Hardware Warranty. As per the vendors we can continue with existing hardware by renewing CGSS only, as it is latest & has no end of life in near future.

presently our Internet Leased Line Link of 100 Mbps from GAZON is terminated on it & is distributed across MMCOE & IMERT Campus. Therefore for continuing with active Content Filtering Services along with many other added benefits of it as mentioned above, it is very essential to renew the CGSS for next 3 years. The vendor from which we renewed the said firewall in March 2019 has received a renewal quotation of Rs. 4,24,997 / - Plus .

It is requested you to give permission to start the process of renewal of SONICWALL NSA4600 Firewall's Comprehensive Gateway Security Suit (CGSS) for next 3 Years.

Ref: Date: 12th March,2021

Submitted:

Sub: Approval for AMC renewal of Unibox U-1000 Wi-Fi Controller.

This is regarding the AMC renewal of Unibox U-1000 Wi-Fi Controller for the year 2021.As per the Quotation & subsequent mails received thereafter(Copies Enclosed) from our vendors M/S Indionetworks & M/S Airwire Solutions, the AMC renewal is necessary considering the following major points mentioned by them.

a)AMC renewal will cover full hardware replacement warranty under AMC & will get Firmware Updates & Patches and without AMC OEM support will not be available for any kind of issues.

b)If AMC is having one Year or more laps then next AMC will not be eligible to get the hardware warranty during hardware failure.

We have SonicWALL Firewall installed as a security gateway device for the campus, but Unibox controller is exclusively designed & installed for Wi-Fi environment which has its own operating system designed with customized captive portal system and features like OTP based Wi-Fi registration & also Centralized monitoring & managing of Wi-Fi APs can be done through it.Wi-Fi APs are communicating with Unibox only & cannot be recognized by firewall.

As per the new quotation received from our vendor M/S Airwire Solutions (copy enclosed), they have added Transactional SMS Gateway Pack (1 Year) of Rs 3000/- for OTP purposes but uptil now they offered it bundled in AMC. Thus as per the quotation AMC renewal Amt is Rs 53100/- (Total Rs Fifty Three Thousand One Hundred Only) inclusive of 18% GST.

Copy of AMC renewal work order issued for last year is enclosed for your reference.

This is submitted for your kind approval & permitting us for further needful.
