A Report on WORLD SPARROW DAY Celebration

20th March of every year is recognized as World Sparrow Day to raise awareness about house sparrows and the threats to its well being. World sparrow day is an International initiative by the Nature Forever Society of India in collaboration with the Eco-Sys Action Foundation (France) and numerous other National and International organizations across the world.

This day was celebrated by the Department of Engineering Sciences, MMCOE as a step to preserve the continuously declining sparrow population.

The objective behind celebration of World Sparrow Day at MMCOE was to raise a sense of realization among all students regarding the role of sparrows in human life and the possible threats to their well being from human lifestyle.

Flyers of the above event were circulated through online mode (emails and whatsapp) on 22nd February 2022. The students participated in the event, collected information about some local birds found in the Pune region, clicked their photos as well as tied sparrow nests in the campus.

A short video comprising different bird species and enthusiastic FE students setting the sparrow nests was uploaded on MMCOE's official YouTube channel on 29th March 2022.
