Torna is highest fort in Pune at about 1404 meters above sea level and offers a spectacular view of Sahyadri Mountains. Difficulty level is really tough of Torna, it took nearly 4 hours to reach the top. The Fascinating Fact about torna is that it keeps you encapsulated with beauties of nature.

As we entered the gates of the fort we were welcomed by the stunning sight of the wide expanse of grassland plains known as 'Buddha Mache'. We came across series of temples, desolate buildings, waterfalls and the beautiful nature.

After coming back to bottom we were served by our meals and evening snacks.

It was really a thrilling journey to Torna fort in Rainy season, we thoroughly enjoyed it.
